A QUINTESSENTIALLY POSTMODERN, "HYBRID" HOME, THE SUSANNA FEATURES TRADITIONAL STYLING IN A SPACIOUS, FAMILY-FRIENDLY LAYOUT. Towering ten-foot ceilings soar above the first floor, while nine-foot ceilings on the second floor provide a comforting atmosphere for the bedrooms, including the master suite. For this residence, K Homes partnered with Kohler Co. to play an active role in the global water conservation effort. With its solar hot water heater and hybrid heating and cooling system, The Susanna offers homeowners a substantial reduction in energy costs and saves up to 40,000 gallons of water a year.

Featuring 4,400 square feet, The Susanna is expected to sell for \$598,900.

Established in 2005, K Homes' company philosophy is to create homes that are "built to give you more." Putting customers first, K Homes not only builds energy efficient homes but tailors the design of the house to fit the lifestyle of its occupants. In 2006, K Homes was the first residential construction company to offer Energy Star rated homes in the Greater Cincinnati area.
